

## Clubs **Monday** & **Friday** 16:30-17:30

Club	Room	Brief
Song Writing club	43/4.01	This is about finding inspiration and getting your creativity flowing. Write your own lyrics and produce your own tunes. The Club is a student led so you get to make the music the way you want it. Come along, develop your talents, get your voice heard.
International Film	43/4.03	International Film club is a club where you can watch international movies. While watching the movies in the original language with English subtitles, you will be made aware of different cultures, different traditions and customs, different genres of music and different cinematic genres. You will also improve your English knowledge by reading the subtitles, travel the world virtually and gain some insightful general knowledge.
Model United Nations (MUN)	44/3.06	<p>You will learn about diplomacy and international relations through research, public speaking and debating, developing their confidence, teamwork, and leadership skills.</p> <p>Each week, a 'resolution' (a document containing a list of proposed measures) is presented with the aim of providing answers to a particular international crisis.</p>
Capoeira	Room tbc	Capoeira is a Brazilian martial art that combines elements of dance, acrobatics, and music. It is characterized by its fluid, acrobatic movements, and its unique rhythmical style of music, which is played on traditional instruments such as the berimbau, atabaque, and pandeiro. During a class, students will learn a variety of techniques, including kicks, sweeps, and

## Clubs **Monday** & **Friday** 16:30-17:30

		<p>acrobatic manoeuvres, all while maintaining the fluid, dance-like movements that are characteristic of the art.</p> <p>In addition to the physical movements, a Capoeira class will also typically include lessons in the music and songs associated with the art. This can include learning to play traditional instruments, as well as singing and playing along with the rhythms used in Capoeira. This musical component of the art is just as important as the physical movements and is seen as a way to connect with the cultural roots of the tradition.</p>
Sustainability Club	44/1.04	Promoting participation in learning about and working toward the conservation and sustainability of the environment, as well as global matters and sustainability development.
Biology Olympiad	45/4.08	Do you want to have a go of isolating DNA from fruits, building your DNA sequence bracelets, recreating a human face, dissecting a heart and a mouse, investigating materials that can save water, and running a project that would enable you to find solutions to current environmental problems? If the answer is Yes!!! Then join the Biology Olympiad club, where you are guaranteed to have hand on experience and have the opportunity to have fun and acquire skills and knowledge that will make you an Olympic champion of biology.
Bloomberg Trading	Lab G.01	Invest, Trade, develop your portfolio and much more financial information. See Naresh for details.
Cadbury Challenge	44/2.08	Through the Cadbury Challenge students are introduced to Business with key concepts that will be relevant throughout the course of the year, e.g., financial concepts. They are involved in a team based

## Clubs **Monday** & **Friday** 16:30-17:30

		<p>practical project linked to real life experiences of businesses through using Cadbury as a case study. This allows for students to work in allocated teams gaining key skills; people skills, communication skills, collaborating with others, problem solving, critical thinking, etc. Within the challenge, students experience what it is like to work as part of a marketing team within a business.</p> <p>The idea of the Cadbury Challenge is for each team to come up with a new chocolate and explore the 4 Ps of Marketing related to the chocolate – Product, Price, Promotion and Place. What kind of chocolate do they want to sell, what it will look like, what the ingredients will be, who the customers are, what the price of the chocolate will be and where they will sell it – these are some of the questions students will be thinking of. At the end of the term each team will make a PowerPoint presentation of their new chocolate in line with the 4 Ps of Marketing. We will have judges from amongst the student body and staff and the winning team will be given a prize.</p>
Robotics Club	Lab 4.05	Students led individual and team orientated competitive club in which students work together to research, code, build and programme robots.
Dragon Den	45/2.09	<p>Dragons' Den is a reality television program in which entrepreneurs pitch their business ideas to a panel of venture capitalists in the hope of securing investment finance from them. On the first day, I will show them a clip of this program for them to understand exactly what I want from them and then following on, I will go briefly over some business studies modules such as:</p> <ul style="list-style-type: none"> <li>• Entrepreneurs / venture capitalist</li> <li>• Budget / finance</li> </ul>

## Clubs **Monday** & **Friday** 16:30-17:30

		<ul style="list-style-type: none"><li>• Marketing mix</li><li>• Market segment</li></ul> <p>Once they have briefly gone over these modules, they will then produce their own product and present it to everyone. The idea is for them to get an interest in Business and understand some key concepts</p>
Chemistry Club	44/4.06	An exploration of the application of chemistry and chemical practice through experimentation.
